

math::degree_to_radian

math::radian_to_degree

math::pi

```
graph LR; A[math::degree_to_radian] --> C[math::pi]; B[math::radian_to_degree] --> C;
```

The diagram illustrates a dependency or relationship between three mathematical constants or functions. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'math::degree_to_radian' and the bottom box contains 'math::radian_to_degree'. On the right, there is a gray rectangular box with a black border containing the text 'math::pi'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both conversion functions depend on or utilize the value of pi.
