

MultiParticle::OutputCondition

```
graph LR; A[MultiParticle::OutputCondition] --> B[Basic::create_utf8_stream]
```

A diagram showing a relationship between two code elements. On the left, a gray rectangular box contains the text 'MultiParticle::OutputCondition'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Basic::create_utf8_stream'.

Basic::create_utf8
_stream
